The WISER Customized Experience is designed for individuals that would like to participate in a completely individualized curriculum that is designed to meet your needs. WISER Customized Experiences can be arranged for 1 day up to 14 days. As a program participant, you will have the opportunity to actively observe courses, participate in hands-on activities and didactic sessions. A variety of topics will be addressed by subject matter experts including but not limited to simulation center operations, informational technology, administration and curriculum development. By working closely with WISER’s experts, program participants will receive personalized attention and will integrate into WISER’s network of simulation education expertise.

Program costs are available upon request.

Program Availability: Any dates except for mid-December through January 1.

You may also be interested in a variety of other WISER Visiting Scholar Program offerings including: Professional Development (One Week and Two Week), Mini Preceptorship, Preceptorship I, Preceptorship II, Advanced Preceptorship and Fellowship Programs.
